

CLOUD-MANAGED SD-WAN & SASE

Simple and effective cloud connectivity

Smart Connectivity Solutions

A better network experience

Simple yet powerful business networks that deliver superior application experiences as a managed service.

Application Control and Visibility

Cloud-based network monitoring/reporting

All traffic is identified and prioritized to optimize application performance with advanced monitoring.

Simple, Secure SD-WAN Solutions

Easy to buy, easy to sell, easy to manage

- **Business Connect** - Single-site solution with application prioritization, seamless failover and monitoring
[LEARN MORE](#)
- **Enterprise Connect** - All the features of Business Connect but also provides VPN access for multi-site opportunities.
[LEARN MORE](#)
- **My Connect** - Remote/hybrid work solution with VPN capabilities.
[LEARN MORE](#)
- **Cloud Protect** - Simple yet powerful web-filtering as a managed service.
[LEARN MORE](#)
- **Cloud Secure** - Cloud-managed SASE option for advanced network security.
COMING SOON

What makes us different?

Largest patent portfolio in the SD-WAN industry

66 patents - 17 pending

QoS solution protects business-critical apps

UCaaS quality assurance over any broadband connections

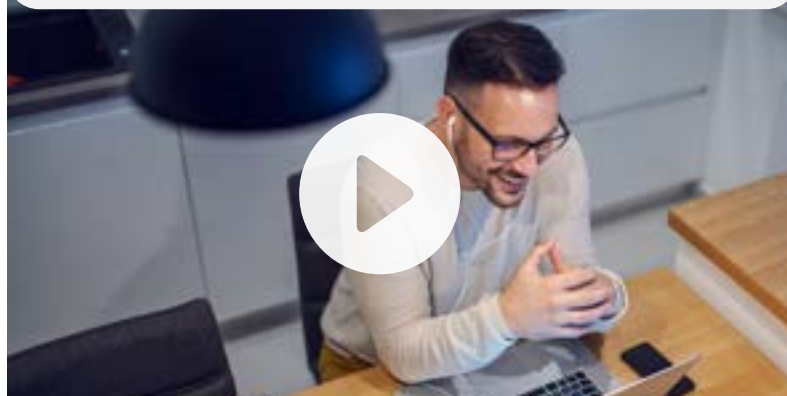

Eliminate VPNs and Firewalls

Simple SASE upgrade for Real-time cloud security

Ideal SD-WAN solutions for the SME market

Single-site, multi-site, or work-from-anywhere

3-minute demo of seamless fast failover

Market-leading solution ensures no dropped voice and video calls

Check out this video showing how Adaptiv Networks keeps a live TEAMS video call connected through a link outage.

ADAPTIV BUSINESS CONNECT - SMART SD-WAN CONNECTIVITY	SD-WAN MSRP	CLOUD PROTECT	CLOUD SECURE
Business Connect 30 X 30 Mbps MRC	\$80	\$26	\$52
